**RESPONSE AFTER FINAL**

Responsive to the Official Action dated July 26, 2002, reconsideration is respectfully requested for at least the following reasons:

**IN THE CLAIMS**

While no claim has been amended herein, independent claims are set forth below in *unamended* form for the convenience of the Examiner.

1. (*Unamended*) An organic electroluminescent element comprising at least a light emitting layer containing an organic light emitting material placed between an anode and a cathode, wherein the element comprises:
